

Look Like a Scientist, Create Like an Artist:

1. Photograph a bug or insect or.....x 10...zoom image in and out
 2. Choose best image out of the 10 photos taken
Why choose this particular photo?
 3. Print photo in black & white.
 4. Using black outline pen draw into image.
 5. Collect leaves, twigs, seeds, bark etc.,
 6. Lay over top of image and glue into place.
- How accurate is the collage created?
7. Does it look like the photograph taken?
