

They love sweetcorn!
They love beans and
cucumbers too!!

There are crows sitting in
the big tree just near our
vegetable garden watching
the sweetcorn grow!

Oh no...we have a
problem. What can
we do???

Then we can dress him up and stand
him in the veg patch. Watch out for
those crows Mr Scarecrow!!

We need to frighten the
crows away.
We could make a scarecrow...
How???

We can find him a hat
and paint him some
old shoes

We could make a
wooden frame
and drape some
calico around it.

We can stamp some pumpkin
shapes in paint and paint him
some bright clothes..
